

**Spectrum of daylight lamps from 450 lumens**

Excerpt from the CERTIFICATE of Conformity  
dated May 26, 2021

**A60-10100**

Wavelength and color of visible light

UV-A380 - 315 nm  
UV-B 315 - 280 nm  
IR radiation - As of 780 nm  
Frequenz - 25.500 KHz  
Colour temperature - 6.500 K

The short-wave IR radiation is directly connected to  
the visible (red) area.  
From approx. 780 nm to 1400 nm.
